

Heavy lambs hit \$280

Numbers remained largely unchanged with some good quality heavy and extra heavy lambs on offer. Top price of \$280 – up from \$264 last week - was shared by Craig Court for heavy lambs off the feeder (below right) sold by Pitt Sons and heavy lambs (below left) sold by PPA on account M & B Parkinson, Scone. The MLA quoted “strong processor demand for the small supply of grown sheep.... (resulting in) dearer trends.” COVID 19 restrictions still apply but you can still buy/bid, sell and watch the sale online. Contact your preferred agent for details
