

Restockers and feedlots drive market up 10 – 35c/kg

There's no stopping the cattle market with a red hot store market on Friday backed up by another extremely strong market today with a new top price of 556c/kg for weaned Angus steers sold by PPA. The MLA quoted dearer prices across the board, with gains ranging from 10c/kg for vealer steers up to 30c/kg for the heifers. Heavy trade weight heifers gained up to 35c/kg and re-stocker bulls made up to 450c/kg. It's looking good for those vendors planning to sell at our Virbac Weaner Challenge next Friday 20th March with the best weaners currently making anywhere up to \$1500.
