

Females the highlight in reduced yarding

Numbers were down again this week after a big store sale on Friday with some outstanding runs of cows the feature. The cow market was up 30c/kg on last Monday as prices started to rise towards the end of the week with the best cows today making close to \$2000. The market for heifers was also very strong with some very good heifers going back to the paddock making just under \$2000.
